

**NBC ACQUISITION CORP.**  
**NON-GAAP FINANCIAL MEASURE**  
**EBITDA - QUARTERLY & YEAR-TO-DATE**

As the Company is highly-leveraged and as its equity is not publicly-traded, it believes that non-GAAP financial measures, Earnings Before Interest, Taxes, Depreciation, and Amortization ("EBITDA") and Adjusted Earnings Before Interest Taxes, Depreciation, Amortization, and Goodwill Impairment ("Adjusted EBITDA"), are useful in measuring its liquidity and provides additional information for determining its ability to meet debt service requirements. The Senior Subordinated Notes, Senior Discount Notes and Senior Credit Facility also use EBITDA, as defined in those agreements, for certain financial covenants. EBITDA and Adjusted EBITDA do not represent and should not be considered as an alternative to net cash flows from operating activities as determined by GAAP, and EBITDA and Adjusted EBITDA do not necessarily indicate whether cash flows will be sufficient for cash requirements. Items excluded from EBITDA and Adjusted EBITDA, such as interest, taxes, depreciation, amortization, and goodwill impairment, are significant components in understanding and assessing the Company's financial performance. EBITDA and Adjusted EBITDA measures presented may not be comparable to similarly titled measures presented by other companies. The following presentation reconciles Adjusted EBITDA with net cash flows from operating activities and also sets forth net cash flows from investing and financing activities.

(1) Adjusted EBITDA is defined as earnings before interest, taxes, depreciation, amortization and goodwill impairment. There was no goodwill impairment for periods Quarter Ended March 31, 2008 through Nine Months ended December 31, 2008; therefore, Adjusted EBITDA equals EBITDA for those periods.
