

NBC ACQUISITION CORP.
NON-GAAP FINANCIAL MEASURE
EBITDA - QUARTERLY & YEAR-TO-DATE

As the Company is highly-leveraged and as its equity is not publicly-traded, it believes that non-GAAP financial measures, Earnings Before Interest, Taxes, Depreciation, and Amortization ("EBITDA") and Adjusted Earnings Before Interest, Taxes, Depreciation, Amortization, and Goodwill Impairment ("Adjusted EBITDA"), are useful in measuring its liquidity and provides additional information for determining its ability to meet debt service requirements, measuring its overall performance for purposes of decision-making, developing its budgets and managing its expenditures. The Company's various debt agreements also use EBITDA, as defined in those agreements, for certain financial covenants. EBITDA and Adjusted EBITDA do not represent and should not be considered as an alternative to net cash flows from operating activities or net income as determined by GAAP, and EBITDA and Adjusted EBITDA do not necessarily indicate whether cash flows will be sufficient for cash requirements. Items excluded from EBITDA and Adjusted EBITDA, such as interest, taxes, depreciation, amortization, and goodwill impairment, are significant components in understanding and assessing the Company's financial performance. EBITDA and Adjusted EBITDA measures presented may not be comparable to similarly titled measures presented by other companies. The following presentation reconciles Adjusted EBITDA with net cash flows from operating activities and also sets forth net cash flows from investing and financing activities.

For additional information regarding the Company's financial condition and results of operations, please see the Company's periodic filings with the Securities and Exchange Commission, links to which are made available on this website.
